

50+ Action Effects

Thank you for downloading **50+ Action Effects**! If you find this asset useful it will mean a lot if you rate it on the Asset Store.

In this PDF you will find more information about the asset!

GET STARTED

First you have to open the .unitypackage depending on your Rendering Pipeline. If you are using:

- URP select the URP.unitypackage
- HDRP – HDRP.unitypackage

Then you just have to select the effect you want and add it to the scene you want.
